Robert Sogomonian, MD, FACC, FPVI

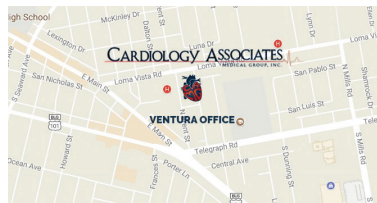

Dr. Sogomonian, a specialist in Interventional Cardiology and Endovascular Disease, joined our practice on July 1, of this year. He treats both the heart and peripheral vascular systems.

He completed his interventional cardiology and endovascular interventions training at one of New York city's busiest hospitals, Mount Sinai.

Dr. Sogomonian is triple Board Certified in Cardiovascular Diseases, Interventional Cardiology, Vascular Interpretation, Nuclear Cardiology, and Cardiovascular Computed Tomography. He also holds an MBA in Healthcare Administration.

Dr. Sogomonian strives to give each patient personalized attention and exceptional care during every visit.

- Chief Interventional Cardiology Fellow, Interventional Cardiology Fellowship, Icahn School of Medicine at Mount Sinai
- Cardiovascular Disease Fellowship, Icahn School of Medicine at Mount Sinai
- Internal Medicine Residency, Icahn School of Medicine at Mount Sinai
